

Monthly Export Levels: U.S. vs. Rest of World

Latest: May 2026

U.S. (\$53.72B)

RoW (\$23.38B)

Notes: Exports are seasonally adjusted on a balance of payments basis. RoW (Rest of World) represents exports to all countries except the United States, calculated as total exports to all countries minus exports to the United States. Author's calculations.
